

School of Nursing Donors—2008

From the Development Director

Bob Rashid

Coleen Turnock Southwell, BA'82
Director of Development
UW-Madison School of Nursing

It has been an exciting summer at the UW-Madison School of Nursing. Faculty, staff, and students convened to outline the exact space requirements for the new Nursing Science Center. Their questions gave rise to important discussions. How many classrooms

and conference rooms will we need? How can we plan to incorporate technology that has yet to be developed?

A similar process took place in 2003–2004, when the school's leadership worked with a conceptual design and planning firm. This time, however, it's for real. The State of Wisconsin will hire the official architect/design firm this fall; blueprints will be ready for the groundbreaking in 2011.

On the development front, we have been busy preparing for our "Celebrate the Power of Nursing" campaign kickoff weekend (October 1–3, 2009). I'd like to thank members of the Campaign Steering Committee and the School of Nursing Board of Visitors who helped plan the event.

They are Mary Behrens, Laurie Benson, Joanne Disch, Nancy Fraser, Barbara Gruendemann, Sarah Kruger, Stephanie Swartz, and Peggy Zimdars. From the fall 2008 conference call sessions with alumni from across the country to obtain program suggestions to the monthly planning conference calls, this talented group of individuals took the lead in creating a weekend designed to launch the school into the twenty-first century.

Of course, none of this would be possible without the financial support of our donors—people who value nursing and choose to make a philanthropic investment in the School of Nursing's future. Thank you.
